Re: 039-10237-00444
First Administrative Amendment to
Part 70 039-7803-00444

Dear Mr. Humphry:

Sunnybrook RV, Inc. was issued a permit on October 12, 1998 for a stationary towable recreational vehicle manufacturing operation. A letter requesting an amendment was received on October 13, 1998. Pursuant to the provisions of 2-7-11 the permit is hereby administratively amended as follows:

Sunnybrook RV, Inc. requests that one (1) air atomized touch-up gun, identified as Fugitive 54, of the touch-up booth, located in Building 3 be included as part of the pre-finished wood cabinet assembly and stain touch up operation of the title V permit because it was not included in the original permit.

The pre-finished wood cabinet assembly and stain touch up operation is listed as an insignificant activity in Section A.3 and includes all of the touch up stations except the air atomized touch-up gun, identified as Fugitive 54. Therefore, Section A.3 shall be amended, as follows, to include Fugitive 54:

A.3 Specifically Regulated Insignificant Activities [326 IAC 2-7-1(21)] [326 IAC 2-7-4(c)]
[326 IAC 2-7-5(15)]

This stationary source also includes the following insignificant activities which are specifically regulated, as defined in 326 IAC 2-7-1(21):

- (a) One (1) pre-finished wood cabinet assembly and stain touch up operation, including ~~five~~ **six (56)** stain touch up stations identified as FUG45, FUG46, FUG47, FUG48 ~~and~~ FUG49, **and FUG 54**, cumulatively rated at 0.02 gallons of stain per hour, with each station utilizing an air atomized spray application method.

The above change will not increase the source potential to emit, require any changes to the existing standards, or trigger any new applicable standards.

All other conditions of the permit shall remain unchanged and in effect. Please attach a copy of this amendment and the following revised permit pages to the front of the original permit.
