Re: 177-11878  
Administrative Amendment to  
FESOP 177-5429-00024

Dear Mr. McBride:

Richmond Casting Company was issued a Federally Enforceable State Operating Permit (FESOP) on December 6, 1996 for a gray iron foundry. The issued FESOP specified that Sections D.1 through D.9 would apply until the source finished construction of the expansion project and was issued an administrative amendment to begin operating pursuant to the requirements listed in Sections D.10 through D.20. A letter complying with the requirement to apply for an administrative amendment to the FESOP was received on February 9, 2000. Since there is no change in emissions or in rule applicability, pursuant to the provisions of 2-8-11 the permit is hereby administratively amended to indicate that the source will be subject to the requirements of Sections D.10 through D.20 of the permit 45 days after startup of the new facilities.

All conditions of the permit shall remain unchanged and in effect. Please attach a copy of this administrative amendment to the front of the original permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Nisha Sizemore at (800) 451-6027, press 0 and ask for Nisha Sizemore or extension (2-8356), or dial (317) 232-8356.

Sincerely,

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Management
