Re: **061-12047-00017**
Revocation of CP 061-4293-00017

Dear Mr. Ernstberger:

On February 29, 2000, Steelco, Inc., notified the Office of Air Management (OAM) that all permitted steel preparation, shot blasting and painting operations, located at 510 Steelco Circle, Corydon, Indiana 47112, have ceased operating since December, 1999, thus eliminating the need for a permit.

Effective immediately, the construction permit CP 061-4923-00017, issued on June 4, 1996, is hereby revoked. In addition, the permit by rule notification submitted by Steelco, Inc. on September 23, 1996, is not in effect.

Any construction or modification that would result to potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAM before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Ms. Iryn Calilung of my staff at 317/233-5692 or icalilun@dem.state.in.us

Sincerely,

Paul Dubenetzky, Chief
