Re: Interim Significant Source Modification Petition  
I-141-12169-00172

Dear Richard Carpenter:

On April 13, 2000, the Office of Air Management (OAM) received an interim significant source modification petition from Honeywell International, Inc. located at 3520 Westmoor Street in South Bend, Indiana for construction of eight natural gas fired turbines.

Public notice of the interim significant source modification petition was published on May 15, 2000. The public comment period ended on May 29, 2000. Since there are no comments received during the public comment period, pursuant to 326 IAC 2-13-1(i), the interim significant source modification petition is in effect on June 1, 2000 and expires on the effective date of the final significant source modification permit. The interim significant source modification petition may be revoked after this effective date upon a written finding by the Indiana Department of Environmental Management (IDEM) that any of the reasons for denial in 326 IAC 2-13-1(h) exist or if the final significant source modification permit is denied. The IDEM has reviewed this interim significant source modification petition and has not found any such reason. The facilities specified in the interim significant source modification petition may not operate until the final significant source modification permit is issued by OAM.

The interim significant source modification petition is federally enforceable. Detailed construction and operation conditions will be specified in the final significant source modification permit 141-12169-00172.

If you have any questions regarding this interim significant source modification petition, please contact Donald R. Poole of my staff at 317-232-8327, or at 1-800-451-6027 (ask for extension 2-8327).

Sincerely,

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Management

Re: Interim Significant Source Modification Petition  
**I-000-00000-00000**

Dear Mr./Ms.:

On **(date)**, the Office of Air Management (OAM) received an interim significant source modification petition from **(Company Name)**, located at **(Source Location)**, Indiana, for construction of a **(unit/operation)**.

Public notice of the interim significant source modification petition was published on **(date)**. The public comment period ended on **(date)**. On **(date)**, **(Company or person's name)** submitted the following comment(s) with the corresponding OAM's response(s):

Comment 1:

Response 1:

Pursuant to 326 IAC 2-13-1(i), the interim significant source modification petition is in effect on **(date, this is 31 days after the publication of the public notice)** and expires on the effective date of the final significant source modification permit. The interim significant source modification petition may be revoked after its effective date upon a written finding by the Indiana Department of Environmental Management (IDEM) that any of the reasons for denial in 326 IAC 2-13-1(h) exist or if the final significant source modification permit is denied. The IDEM has reviewed this interim significant source modification petition and has not found any such reason. The facilities specified in the interim significant source modification petition may not operate until the final significant source modification permit is issued by OAM.

The interim significant source modification petition is federally enforceable. Detailed construction and operation conditions will be specified in the final significant source modification permit **000-00000-00000**.

If you have any questions regarding this interim significant source modification petition, please contact Mr./Ms. **(Reviewer's Name)** of my staff at **317-000-0000**, or at 1-800-451-6027 (ask for extension **0-0000**).

Sincerely,

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Management
