Re: 147-12179-05167  
First Administrative Amendment to  
FESOP 147-9456-05167

Dear Ms. Green:

Gohmann Asphalt and Construction, Inc. was issued a permit on August 12, 1998 for a portable hot drum mix asphalt plant. A letter requesting an extension of the 18-month commencement of construction deadline was received on April 18, 2000. The construction deadline stated in Condition D.3.3 of the FESOP/ENSR 147-9456-05167, issued on August 12, 1998 will be extended based on the following findings:

- (1) There are no Prevention of Significant Deterioration (PSD) issues determined to be applicable to the source;
- (2) There are no interim source growth in the area that may have occurred and would cause significant degradation of air quality; and
- (3) There are no new federal and state regulations determined to be applicable to the source.

Based on the above findings, the commencement of construction deadline in Condition D.3.3 of the issued FESOP/ENSR 147-9456-05167 shall be extended to February 25, 2002.

All other conditions of the permit shall remain unchanged and in effect. Please attach a copy of this amendment and the following revised permit pages to the front of the original permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Aida De Guzman, at (800) 451-6027, press 0 and ask for (Aida De Guzman) or extension (3-4972), or dial (317) 233-4972.

Sincerely,

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Management
