Re: 097-12377-00286
First Administrative Amendment to
Part 70 097-7395-00286

Dear Mr. Mee:

Superior Oil Company, Inc. was issued a permit on May 30th, 1999 for the operation of distribution of industrial chemicals and related materials, including blending, container filling and other packaging activities. A letter requesting an Administrative Amendment was received on June 30th, 2000. A First Administrative Amendment 097-12477-00286 was issued by ERMD on July 24, 2000 for the requested change. However, the correct First Administrative Amendment number is 097-12377-00286 **not** 097-12477-00286 and is now being reissued as of the date of this correspondence. Pursuant to the provisions of 2-7-11 the permit is hereby administratively amended as follows:

The addition of a 6,000 gallon plastic above ground storage tank containing waste aqueous ammonia (ammonium sulfate salt and water). The solution is a waste product of a process conducted on-site and is not regulated as a VOC or a HAP. This proposed insignificant change will not trigger a new applicable requirement or violate a permit term.

All other conditions of the permit shall remain unchanged and in effect. Please attach a copy of this amendment; there are no revised pages to the front of the original permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Mark Caraher, at 2700 South Belmont Avenue, Indianapolis, IN 46204 or dial (317) 327-2234.

Sincerely,

Daniel B. Dovenbarger
Administrator
