Revocation of FESOP 003-4071-00216

Dear Mr. Clark:

On September 27, 2000, Indiana Michigan Power Company d.b.a. American Electric Power (AEP) notified the Office of Air Management (OAM) that all permitted equipment located in the City of Fort Wayne Turbine Facility, 4th and Clinton Street, Fort Wayne, Indiana 46802, have been sold and dismantled, thus eliminating the need for an operating permit.

The operating permit FESOP 003-4071-00216, issued on December 9, 1996, and its Amendment 003-8471-00216, issued on July 3, 1997, are hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective eighteen (18) days from the date of this letter.

Any construction or modification that would result to potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAM before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Ms. Iryn Calilung of my staff at 317/233-5692 or icalilun@dem.state.in.us

Sincerely,

Paul Dubenetzky, Chief
