

Mr. Richard M. Smith/Project Engineer
Stripco
P.O. Box 248
Osceola, IN 6561-0248

Re: 141-12969
Notice-only change to
MSOP 141-4682-00100

Dear Mr. Smith:

Stripco was issued a permit on October 31, 1995 for the construction of a Steel Coil, and Precision Cold Rolling Mill. A letter notifying the Office of Air Management of an addition of Natural Gas Fired Evaporator was received on November 16, 2000. Since the P.T.E. of the evaporator is at exemption level, there are no VOC emissions expected. Pursuant to the provisions of 326 IAC 2-6.1-6 the permit is hereby revised as follows:

The Addition of a Natural Gas-Fired Evaporator with a heat input rate of 395,000 Btu/hr. The unit will be used to evaporate miscellaneous waste waters.

All other conditions of the permit shall remain unchanged and in effect. Please attach a copy of this letter to the front of the original permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Sherry Harris, at (800) 451-6027, press 0 and ask for Sherry Harris or extension 4-1207, or dial (317) 234-1207.

Sincerely,

Paul Dubenetzky, Chief
Permits Branch
Office of Air Management
