Re: 039-14201-00287
Revocation of FESOP
039-5747-00287

Dear Larson Sailor:

The letter from Creation Housing, Elkhart Door Division, received on March 30, 2001, has been reviewed. This letter related to the plant located at 54347 Highland Boulevard in Elkhart. This letter requested that Federally Enforceable State Operating Permit (FESOP) 039-5747 be revoked. The reason for this revocation request is that the glue previously used by this operation has made mainly eliminated. Therefore, the potential VOC emissions are at low enough levels for the FESOP to not apply any longer.

Pursuant to rule 326 IAC 2-1.1-9, any permit to construct or operate or any permit revision approval granted by the commissioner may be revoked for any other cause that establishes in the judgement of the commissioner the fact that continuance of the permit or permit revision approval is not consistent with the purposes of this article. Since the glue usage has been reduced to a low level, the FESOP will be revoked.

If there are any questions about this revocation, please contact Donald Poole at (317) 232-8327 or call (800) 451-6027 and ask for extension 2-8327.

Sincerely,
