Re: 177-14335  
Revocation of CP No. 177-9318-00062 and  
Registration No. 177-10717-00062

Dear Mr. Dommermuth:

The letter from Degussa Construction Chemicals Operations, Inc., received on May 8, 2001, has been reviewed. This letter related to the facility located at 519 West Water Street, Centerville, Indiana 47330. This letter requested that CP No. 177-9318-00062 be revoked. The reason for this revocation request is that the facility has ceased operation as of May 3, 2001.

Pursuant to rule 326 IAC 2-1.1-9, any permit to construct or operate or any permit revision approval granted by the commissioner may be revoked for any other cause that establishes in the judgement of the commissioner the fact that continuance of the permit or permit revision approval is not consistent with the purposes of this article. Since the facility is no longer in operation, the CP No. 177-9318-00062 and Registration No. 177-10717-00062 issued to this source will be revoked. In addition, the Office of Air Quality notes the change in the name of the source from Harris Specialty Chemicals to Degussa Construction Chemicals Operations, Inc.

If there are any questions about this revocation, please contact Madhurima Moulik at (317) 233-0868 or call (800) 451-6027 and ask for extension 3-0868.

Sincerely,

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Quality
