Re: 173-14823-00040
Revocation of SSOA
S 173-8100-00040

Dear Mr. Bates:

On August 14, 2001, Foertsch Construction Company, Inc., notified the Office of Air Quality (OAQ) that the Skelton Mine, located at Tennyson Road and Skelton Road, Tennyson, Indiana, has ceased mining, thus eliminating the need for an operating permit.

The Source Specific State Operating (SSOA) permit 173-8100-00040, issued on February 5, 1998, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at (800) 451-6027, press 0 and ask for extension 2-8369 or dial 317/232-8369.

Sincerely,

Paul Dubenetzky, Chief
Permits Branch
Office of Air Quality
