Re: F097-15158-00151
Re: Revocation of F097-5306-00151

Dear Mr. Barnhart:

On November 7, 2001, Butler University notified the Indiana Department of Environmental Management, Office of Air Quality and the City of Indianapolis, Office of Environmental Services that fuel oil has been eliminated as a back up fuel source for the boilers on the Butler University Campus located at 4600 Sunset Avenue, Indianapolis, Indiana 46208. This change lowers Butler University's actual emissions to Permit By Rule levels, thus eliminating the need for the FESOP.

The operating permit FESOP F097-5306-00151, issued on February 7, 1997, and its Amendment 097-10233-00151, issued on October 20, 1998, are hereby revoked. Pursuant to IC 4-21.5-3-3(a) and (b) this revocation letter is effective eighteen (18) days from the date of this letter.

Any construction or modification which will alter operations in such a way that the source will no longer comply with 326 IAC 2-10 (Permit by Rule) must obtain the appropriate approval from the OAQ under 326 IAC 2-1.1, 326 IAC 2-2, 326 IAC 2-3, 326 IAC 2-7, 326 IAC 2-8, or 326 IAC 2-9 before such change may occur. This source may at any time apply for a state operating permit under 326 IAC 2-6.1, a Part 70 permit under 326 IAC 2-7, a FESOP under 326 IAC 2-8, or an operating agreement under 326 IAC 2-9, as applicable. [326 IAC 2-10-1(b)]

If you have any questions regarding this revocation, please contact Amanda Hennessy at 317/327-2510 or ahenness@indygov.org

Sincerely,

Original Signed by Pinkie Evans-Curry
