Re: 003-15322
Revocation of Operating Permit
003-7703-00056

Dear Mr. Frebel:

The letter from Omnisource Corporation, received on February 28, 2002, has been reviewed. This letter related to the plant located at 1610 North Calhoun Street, Fort Wayne, Indiana 46808. This letter requested that the Operating Permit 003-7703-00056 be revoked. The reason for this revocation request is that the equipment has been shut down permanently in October, 2001.

Pursuant to rule 326 IAC 2-1.1-9, any permit to construct or operate or any permit revision approval granted by the commissioner may be revoked for any other cause that establishes in the judgement of the commissioner the fact that continuance of the permit or permit revision approval is not consistent with the purposes of this article. Since the equipment associated with the operating permit is no longer in operation, the permit will be revoked.

If there are any questions about this revocation, please contact Madhurima Moulik at (317) 233-0868 or call (800) 451-6027 and ask for extension 3-0868.

Sincerely,

Paul Dubenetzky, Chief
