Re: Revocation of T097-7116-00294

Dear Mr. Fiorelli:

On April 2, 2001, Elliot-Williams filed an application (097-14218-00398) with the City of Indianapolis Office of Environmental Services (OES) notifying the City that Elliot-Williams was relocating its manufacturing of plastic foam products and refrigeration systems operations from 2900 North Richardt Avenue Indianapolis, Indiana 46219 to 3500 East 20<sup>th</sup> Street Indianapolis, Indiana 24218.

Elliot-Williams was operating as a Part 70 permitted source under T097-7116-00294 issued September 16, 1998 for the Richardt Avenue location. On July 5, 2001, Elliot-Williams notified the City that operations ceased at the Richardt Avenue location in May 2001 and that the Title V Permit for that location was no longer needed.

As a result, the Title V Operating Permit, T097-7116-00294, issued on September 16, 1998 is hereby revoked. Pursuant to IC 4-21.5-3-3(a) and (b) this revocation letter is effective eighteen (18) days from the date of this letter.

Any construction or modification which will alter operations must obtain the appropriate approval from the OES under 326 IAC 2-1.1, 326 IAC 2-2, 326 IAC 2-3, 326 IAC 2-7, 326 IAC 2-8, or 326 IAC 2-9 before such change may occur. This source may at any time apply for a state operating permit under 326 IAC 2-6.1, a Part 70 permit under 326 IAC 2-7, a FESOP under 326 IAC 2-8, or an operating agreement under 326 IAC 2-9, as applicable. [326 IAC 2-10-1(b)]

If you have any questions regarding this revocation, please contact Mark Caraher at 317/327-2234.

Sincerely,

Original Signed by Barbara A. Lawrence
