

Mr. Doug Conley  
VP of Manufacturing  
HomeCrest Corporation  
P.O. Box 595  
Goshen, IN 46527

Re: 039-15541-00014  
Review Response  
**Part 70 039-6029-00014**

Dear Mr. Conley:

HomeCrest Corporation was issued a Part 70 permit (T039-6029-00014) on December 22, 1998, for a wood furniture manufacturing operation located at 1002 Eisenhower Drive North, Goshen, Indiana 46526. A letter was received on February 1, 2002, notifying the Office of Air Quality (OAQ) of the following change in equipment location:

EU18 (exhausting to stack #33) currently located next to EU#'s 15-17, 19-21 and 24 will be moved to a new location next to EU#'s 22-23.

Since the physical move of the equipment will not change the description of the emission units and pollution control devices and applicable requirements, there is no need to amend the Title V permit.

No revision of the permit conditions was necessary to accommodate these changes.

If you have any questions on this matter please contact Janet Mobley at 317/232-8369 or 1-800-451-6027 press 0 and ask for extension 2-8369.

Sincerely,

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Quality
