Revocation of SSOA
S 147-8107-00045

Dear Mr. Foertsch:

On February 13, 2002, Buckhorn Processing, Inc., notified the Office of Air Quality (OAQ) that the coal preparation plant located at the intersection of County Road 1100 North and County Road 375 East, Chrisney, Indiana 47611, has ceased operations, thus eliminating the need for an operating permit.

The Source Specific State Operating (SSOA) permit 147-8107-00045, issued on February 4, 1998, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at (800) 451-6027, press 0 and ask for extension 2-8369 or dial 317/232-8369.

Sincerely,

Paul Dubenetzky, Chief
