Review Request Response

Dear Mr. Reiff:

On February 26, 2002, a letter was submitted by Steve Reiff, Inc., requesting a permit review for the facility located at 5650 W. 800 S., South Whitley, Indiana 46787. The letter requested changes to MSOP No. 183-11150-00031.

The changes requested related to the deletion of Condition C.15 (a through g) (General Reporting Requirements). This modification does not fall under any categories covered by MSOP notice-only changes or minor permit revisions. Thus, such a modification would have to be processed as a significant permit revision, which carries a processing fee of \$3500.

Due to the processing fee involved, the condition C.15 is not being deleted from the MSOP No. 183-11150-00031. However, according to Compliance Branch and Policy and Guidance section at Office of Air Quality (OAQ), the submission of a semi-annual compliance monitoring report is not necessary for a source with an MSOP. Accordingly, the requirement for submission of the semi-annual report is waived for Steve Reiff, Inc.

If you have any questions regarding this issue, please contact Madhurima Moulik at 317-233-0868, or at 1-800-451-6027, Ext. 3-0868.

Sincerely,

Paul Dubenetzky, Chief
