Re: Interim Minor Source Modification Approval
I-157-15636-00006

Dear Brian Ramey:

On May 14, 2002, the Office of Air Quality (OAQ) received an interim minor source modification petition from Eli Lilly and Company, located at 1650 Lilly Road in Lafayette, Indiana. Based on the data and information submitted in the petition and the provisions in 326 IAC 2-13-1, this interim minor source modification petition is hereby approved for:

- (a) The replacement of Process Vessel REAC 3205 in Building T29 and
- (b) The replacement of Still Tank 613 in Building T31.

Detailed conditions will be specified in the final minor source modification 157-15636-00006. This interim minor source modification expires on the effective date of the final minor source modification. This interim minor source modification may be revoked after its effective date upon a written finding by the OAQ that any of the reasons for denial in 326 IAC 2-13-1(h) exist or if the final minor source modification is denied. The facilities subject to this approval may not operate until the final minor source modification is issued by OAQ.

Sincerely,

Original signed by Paul Dubenetzky
