Re: 087-15673-00037  
Review Request Response

Dear Mr. Yoder:

On February 26, 2002, a letter was submitted by Dutchcraft, Inc., requesting a permit review for the facility located at 0500 South 375 West, Lagrange, Indiana 46761. The letter requested changes to MSOP No. 087-13611-00037.

The changes requested related to the deletion of Condition C.18 (a through g) (General Reporting Requirements). This modification does not fall under any categories covered by MSOP notice-only changes or minor permit revisions. Thus, such a modification would have to be processed as a significant permit revision, which carries a processing fee of \$3500.

Due to the processing fee involved, the Condition C.18 is not being deleted from the MSOP No. 087-13611-00037. However, according to Compliance Branch and Policy and Guidance section at Office of Air Quality (OAQ), the submission of a semi-annual compliance monitoring report is not necessary for a source with an MSOP. Accordingly, the requirement for submission of the semi-annual report is waived for Dutchcraft, Inc.

If you have any questions regarding this issue, please contact Madhurima Moulik at 317-233-0868, or at 1-800-451-6027, Ext. 3-0868.

Sincerely,

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Quality
