Re: 035-15851-00052  
Revocation of Part 70 Permit  
**035-7803-00052**

Dear Mr. Hawkins:

On April 12, 2002, Ball Memorial Hospital, Inc., notified the Office of Air Quality (OAQ) that the health care facility located at 2401 University Avenue, Muncie, Indiana 47303, had dismantled the medical waste incinerator and the incinerator was taken out of service on March 11, 2000, thus eliminating the need for an operating permit.

The Part 70 Operating Permit 035-7893-00052, issued on February 9, 1999, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

Additional information was received on April 15, 2002, requesting to change the Responsible Official. Since the permit is being revoked, there is no need to amend the Title V permit.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at (800) 451-6027, press 0 and ask for extension 2-8369 or dial 317/232-8369.

Sincerely,

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Quality
