Re: Permit By Rule Status
097-15878-00060

Dear Mr. Sears:

The application from Praxair Surface Technologies was received on October 3, 2002. Based on the data and information submitted and the provisions of 326 IAC 2-10 (Permit by Rule), Praxair Surface Technologies states that the manufacturing of metallic and non-metallic powders for surface coating and polishing applications both in house and for commercial sale, located at the contiguous properties of 1245 Main Street, 1415 Main Street, 1555 Main Street and 1500 Polco Street in Indianapolis, Indiana 46244 has operated in compliance with the provisions of 326 IAC 2-10 (Permit-By-Rule) for a period of more than two years. Praxair Surface Technologies has been operating under a Federally Enforceable State Operating Permit (FESOP) 097-7487-00060 and had stated in a letter received on August 11, 2003 that the plant will continue to comply with the Permit-By-Rule provisions.

Pursuant to 326 IAC 2-10 (Permit by Rule), this source shall comply with the following conditions:

- (a) The source's total actual emissions for every 12-month period shall be limited to less than 20% of any threshold for the following:
 - (1) A major source of regulated air pollutants.
 - (2) A major source of hazardous air pollutants, as defined in Section 112 of the Clean Air Act. [326 IAC 2-10-3(1)]
- (b) The source shall not rely on air pollution control equipment to comply with the above-mentioned limitations. [326 IAC 2-10-3(2)]
- (c) Not later than thirty (30) days after receipt of written request by the Indiana Department of Environmental Management (IDEM), Office of Air Quality (OAQ), or U.S. Environmental Protection Agency (EPA), the owner or operator shall demonstrate that the source is in compliance with the above-mentioned conditions. [326 IAC 2-10-4]
- (d) Compliance demonstration shall be based on actual emissions for the previous 12 months and may include, but is not limited to, fuel or material usage or production records. No other demonstration of compliance shall be required. [326 IAC 2-10-4]

This source is hereby notified that this Permit by Rule approval does not relieve the source of the responsibility to comply with the provisions of any applicable federal, state, or local requirements, such as New source Performance Standards (NSPS), 40 CFR Part 60, or National Standards for Hazardous Air Pollutants (NESHAP), 40 CFR Part 61. [326 IAC 2-10-5]

Any change or modification which will alter operations in such a way that the source will no longer comply with 326 IAC 2-10 (Permit by Rule), must obtain the appropriate approval from the OAQ under 326 IAC 2-1.1, 326 IAC 2-2, 326 IAC 2-3, 326 IAC 2-7, 326 IAC 2-8, or 326 IAC 2-9 before such change may occur. This source may at any time apply for a state operating permit under 326 IAC 2-6.1, a Part 70 permit under 326 IAC 2-7, a FESOP under 326 IAC 2-8, or an operating agreement under 326 IAC 2-9, as applicable. [326 IAC 2-10-1(b)]

Any violation of 326 IAC 2-10 (Permit by Rule) may result in administrative or judicial enforcement proceedings under IC 13-30-3 and penalties under IC 13-30-4.

If you have any questions on this matter, please contact Keshav Reddy, at City of Indianapolis, OES, 2700 South Belmont Avenue, Indianapolis, Indiana 46221, or at 317-327-2221. Questions may also be directed to Monica Dick of my staff at (317) 327-2512.

Sincerely,
