Re: Portable Source Relocation Letter
Permit #: L-097-16098-05204
SSOA 057-11107-05204

Dear Mr. Mariotti:

Approval is hereby granted to operate the portable ready-mix concrete batch plant, described in Operation Permit No. S 057-11107-05204 issued on July 21, 1999. This plant is now located at 1575 South Senate Avenue, Indianapolis, Marion County, Indiana. This plant was previously located at 15215 River Avenue, Noblesville, Hamilton County, Indiana. The site approval for 15215 River Avenue, Noblesville, Indiana, was issued on July 21, 1999.

The enclosed Notice of Decision explains your options to challenge this decision under IC 4-21.5-3-5(f). Pursuant to IC 4-21.5-3-5(f), this approval is not effective until eighteen (18) days from the date of this letter. This approval supersedes all previous site approval letters.

The OAQ is aware that the source relocated without providing a thirty (30) day advance notice of relocation, thus the source did not receive the requisite "Relocation Site Approval" letter before relocating to this site. Also, an advance written notice to the Office of Air Quality (OAQ), Air Compliance Section, and the Office of Environmental Services (OES) of start-up was not given as required in order for the Office of Environmental Services to perform an inspection. The source shall notify the Office of Environmental Services upon receipt of this relocation approval.

If you have any questions concerning this relocation site approval, please contact Janet Mobley of my staff at 317/232-8369 or at 1-800-451-6027, press 0 and ask for extension 2-8369.

Sincerely,

Paul Dubenetzky, Chief
