Re: Revocation of T09-7787-00301

Dear Mr. Horner:

Horner Electric was operating as a Part 70 permitted source under T09-7787-00301 issued June 30, 1999. On January 23, 2001, Horner Electric notified the Office of Environmental Services that the Detrex Batch Vapor Trichloroethylene Degreaser, identified as Emission Unit #4 was shut down, the tank was drained and the heaters were removed and that the Title V Permit for that location was no longer needed.

As a result, the Title V Operating Permit, T09-7787-00301, issued on June 30, 1999 is hereby revoked. Pursuant to IC 4-21.5-3-3(a) and (b) this revocation letter is effective eighteen (18) days from the date of this letter.

Any construction or modification which will alter operations must obtain the appropriate approval from the OES under 326 IAC 2-1.1, 326 IAC 2-2, 326 IAC 2-3, 326 IAC 2-7, 326 IAC 2-8, or 326 IAC 2-9 before such change may occur. This source may at any time apply for a state operating permit under 326 IAC 2-6.1, a Part 70 permit under 326 IAC 2-7, a FESOP under 326 IAC 2-8, or an operating agreement under 326 IAC 2-9, as applicable. [326 IAC 2-10-1(b)]

If you have any questions regarding this revocation, please contact Myron Waters at 317-327-2283.

Sincerely,

Original Signed by John B. Chavez
