Re: Response to Review Request
No. 097-16773-00298
Permit status evaluation

Dear Ms. Guffey:

Print Communications, Inc., located at 2457 East Washington Street, Indianapolis, Indiana 46201, submitted a review request on November 14, 2002. The letter was submitted to determine if Print Communications, Inc. requires an administrative amendment for operations of commercial printing.

Criteria pollutant threshold levels for exemptions are as follows:

PM10 = <5tpy; **SO2** = <10 tpy; **NOx** = <10 tpy; **VOC** <10 tpy for sources not required to use air pollution control devices to comply with 328 IAC 8; **VOC** <5 tpy for sources required to use air pollution control devices to comply with 326 IAC 8; **CO** = < 25 tpy.

If a source can comply with exempt levels, the burden of proof lies with the source. If the source requires a definite decision to be made by the IDEM and a permit be issued, filing fees and any other permit fees shall be applicable according to the level of permit required.

Questions should be directed to Angelique Oliger, OES, 2700 South Belmont Avenue, Indianapolis, Indiana 46221, or call (317) 327-2846.

Sincerely,

John B. Chavez, Administrator
