Revocation of Registration
069-7292-00053

Dear Mr. Helm:

On December 13, 2002, Cornerstone Environmental Health and Safety, Inc., notified the Office of Air Quality (OAQ) that Wabash Technologies at 1600 Riverfork Drive East in Huntington, Indiana, had closed the plant and were selling the equipment at this location, thus eliminating the need for the above referenced permit.

The Registration 069-7292-00053, issued on February 19, 1997, and the Notice Only Change 069-15162-00053 issued on April 3, 2002, are hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at 317/232-8369 or at 1-800 451-6027, press 0 and ask for extension 2-8369.

Sincerely,
