Interim Significant Permit Revision Petition to  
FESOP 097-14050-00161

Dear Mr. Krapinski:

On December 13, 2002, the City of Indianapolis Office of Environmental Services (OES), and the Indiana Department of Environmental Management, Office of Air Quality (OAQ) received an interim Significant Permit Revision petition to FESOP 097-14050-00161(issued June 27, 2002) from The Kroger Company - Indianapolis Bakery located at 6801 English Avenue, Indianapolis, Indiana 46219 for construction of:

One (1) bread line, identified as BD1, with a maximum production rate of 6.8 tons of bread per hour and a maximum oven lubricant usage of 10.0 gallons per week, equipped with one (1) 6.8 MMBtu/hr natural gas fired oven.

Public notice of the interim Significant Permit Revision petition was published in the Indianapolis Star Newspaper on December 11, 2002. The public comment period ended on December 28, 2002. Since there are no comments received during the public comment period, pursuant to 326 IAC 2-13-1(i), the interim Significant Permit Revision petition is in effect on January 2, 2003 and expires on the effective date of the final Significant Permit Revision. The interim Significant Permit Revision petition may be revoked after this effective date upon a written finding by the Indiana Department of Environmental Management (IDEM) and/or OES that any of the reasons for denial in 326 IAC 2-13-1(h) exist or if the final Significant Permit Revision is denied. The IDEM and OES have reviewed this interim Significant Permit Revision petition and have not found any such reason. The facilities specified in the interim Significant Permit Revision petition may not operate until the final Significant Permit Revision is issued by OAQ or OES.

The interim Significant Permit Revision petition is federally enforceable. Detailed construction and operation conditions will be specified in the final Significant Permit Revision 097-16909-00161.

If you have any questions regarding this interim Significant Permit Revision petition, please contact Ms. Monica Dick of my staff at (317) 327-2512, or Ms. Yu-Lien Chu, of Eastern Research Group, Inc. at (919) 468-7871.
