Revocation of Part 70 Permit
105-7565-00006

Dear Mr. Krull:

On May 7, 2003, United Technologies - Otis Elevator Company (Otis), notified the Office of Air Quality (OAQ) that the facility located at 1331 S. Curry Pike, Bloomington, Indiana 47403, satisfies the criteria to operate under the Permit by Rule provisions, thus eliminating the need for a Part 70 permit.

The Part 70 permit 105-7565-00006, issued on February 19, 1999, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at (800) 451-6027, press 0 and ask for extension 2-8369 or dial 317/232-8369.

Sincerely,
