Re: 003-17335
Revocation of Part 70 Permit
No. T003-9794-00159

Dear Mr. Vogt:

The letter from Crown Group, Fort Wayne Plant, received on March 4, 2003, has been reviewed. This letter is related to the plant located at 4301 Engle Road, Fort Wayne, Indiana. This letter requested that Part 70 permit No. 003-9794-00159 be revoked. The reason for this revocation request is that the source has changed the coatings used at the facility. This had led to a decrease in the potential to emit of VOCs and HAPs so that a Part 70 permit is no longer necessary.

Pursuant to rule 326 IAC 2-1.1-9, any permit to construct or operate or any permit revision approval granted by the commissioner may be revoked for any other cause that establishes in the judgement of the commissioner the fact that continuance of the permit or permit revision approval is not consistent with the purposes of this article. Since the source no longer requires a Part 70 permit, the permit no. T003-0794-00159 will be revoked.

If there are any questions about this revocation, please contact Madhurima Moulik at (317) 233-0868 or call (800) 451-6027 and ask for extension 3-0868.

Sincerely,
