Revocation of FESOP
F 065-10661-00017

Dear Mr. McCoy:

On March 17, 2003, Chatsworth Products, Inc., notified the Office of Air Quality (OAQ) that their facility located at 499 E. County Road 300 South, New Castle, Indiana, had closed and production ceased at the end of June 2002, thus eliminating the need for the above referenced FESOP permit.

The Federally Enforceable State Operating Permit (FESOP) F065-10661-00017, issued on December 31, 2001, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at (800) 451-6027, press 0 and ask for extension 2-8369 or dial 317/232-8369.

Sincerely,
