Revocation of Part 70 Permit
129-9142-00027

Dear Ms. Roxbury:

On June 4, 2003, Wartsila North America, Inc., notified the Office of Air Quality (OAQ) that the Wartsila NSD North America, Inc., facility located at 1410 Old Highway 69 South, Mount Vernon, Indiana, had previously ceased production and was closed as of May 2, 2002, thus eliminating the need for an operating permit.

The Part 70 Operating Permit 129-9142-00027, issued on November 11, 1998, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at (800) 451-6027, press 0 and ask for extension 2-8369 or dial 317/232-8369.

Sincerely,
