Revocation of Part 70 Permit
123-7891-00013

Dear Mr. Lange:

On March 25, 2003, Best Chairs, Inc. County Line facility, notified the Office of Air Quality (OAQ) that the facility located at Highway 66 East, Cannelton, Indiana, had changed operations at this plant. Woodworking and surface coating operations have ceased and the equipment was sold and removed from the facility by March 2002. The current operations at this facility consist of assembly, sewing and shipping, thus eliminating the need for an operating permit.

The Part 70 Operating Permit 123-7891-00013, issued on January 14, 1999, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at (800) 451-6027, press 0 and ask for extension 2-8369 or dial 317/232-8369.

Sincerely,
