Re: 097-17467-00385
Revocation of MSOP M097-12819-00385

Dear Mr. VanBuskirk:

On April 7, 2003, Indianapolis Power & Light Company, notified the Office of Air Quality (OAQ) and Office of Environmental Services (OES) that all permitted equipment located at 4624 Massachusetts Avenue, Indianapolis, Indiana 46218, was never installed, thus eliminating the need for an operating permit.

The MSOP 097-12819-00385, issued on May 25, 2001, is hereby revoked. Pursuant IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Warner Waters of my staff at (317) 327-2283.

Sincerely,
