Revocation of FESOP
F 181-7394-00036

Dear Mr. Charas:

On June 26, 2003, A.O. Smith Electrical Products Company, notified the Office of Air Quality (OAQ) that the A.O. Smith/UPPCO facility located at 302 North Sixth Street, Monticello, Indiana, had closed and production ceased in March 2003, thus eliminating the need for the above referenced FESOP permit.

The Federally Enforceable State Operating Permit (FESOP) F 181-7394-00036, issued on April 26, 1999, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at 317-232-8369 or 800-451-6027, and ask for extension 2-8369.

Sincerely,
Original signed by Paul Dubenetzky
