Response to Request for Review the Letter
Of September 3, 2003

Dear Arnold Norman:

On September 8, 2003, the Office of Air Quality (OAQ) received a letter from your company. The letter requested that an exemption or a registration be issued for your paint booth. This OAQ letter will respond to that request.

The material submitted with the letter contained no information related to the paints used by your operation. Without information on the paints, this office cannot determine what the appropriate permit level is for your operation. Therefore, we have included several forms, W-1 through W-4, for you to fill out. Once we have obtained this information about your paints and your painting operation, then we will be able to assess whether an exemption or a registration is the proper permit for your operation.

If you have any questions regarding this issue, please contact Donald Poole at 317-232-8327, or at 1-800-451-6027, Ext. 2-8327.

Sincerely,

Original Signed by
Paul Dubenetzky, Chief
