Re: Response to Review Request No. 067-18219:
Permit status evaluation
Plant ID: 067-00058

Dear Ms. Strabbing :

DaimlerChrysler Corporation, located at 3660 North U.S. Highway 31, Kokomo, Indiana 46904 submitted a review request on October 8, 2003. The letter was submitted to inform Indiana Department of Environmental Management (IDEM) that DaimlerChrysler Corporation is contemplating the sale of some equipment to DTE Energy Services, Inc.

The equipment includes the following systems: compressed air, chilled water, wastewater treatment, air supply, mist collection, electrical distribution, lighting and reverse osmosis. DTE Energy would own and operate the above equipment for the benefit of DaimlerChrysler Corporation, Indiana Transmission Plant, but DaimlerChrysler would continue to be responsible for the permitting of the equipment.

Under the above scenario, no change in DaimlerChrysler Corporation's Part 70 permit is required at this time.

Should the above mentioned arrangement change please contact OAQ for possible permitting requirements.

Questions should be directed to Walter Habeeb, OAQ, 100 North Senate Avenue, P.O. Box 6015, Indianapolis, Indiana, 46206-6015, or call (800) 451-6027, or dial (317) 232-8422.

Sincerely,
