Re: Portable Source Relocation Letter
Site Approval
Permit #: L-083-18564-05234

Dear Mr. Medlock:

Approval is hereby granted to operate the portable drum hot mix asphalt plant, described in Operation Permit No. F093-17136-05234 issued on July 2, 2003. This source is to be located at 1200 South Sixth Street, Vincennes in Knox County, Indiana. This plant was previously located at State Highway 60 West, Mitchell, in Lawrence County, Indiana. The site approval for State Highway 60 West, Mitchell, Indiana was issued on July 2, 2003. This move is approved since the asphalt plant identified as F083-14875-03185 was revoked March 2, 2004 and is no longer allowed to operate at 1200 South Sixth Street, Vincennes, Indiana.

Relocation of this plant must take place within 120 days after the issuance of this decision. The enclosed Notice of Decision explains your options to challenge this decision under IC 4-21.5-3-5(f). Pursuant to IC 4-21.5-3-5(f), this approval is not effective until eighteen (18) days from the date of this letter. This approval supersedes all previous site approval letters.

Advance written notice to the Office of Air Quality (OAQ), Air Compliance Section, start-up is required in order for the OAQ to perform an inspection. If the plant is not operating in compliance with all applicable regulations upon inspection, the plant must cease operation upon notification to you by OAQ staff of such non-compliance. Operations may only resume once remedial actions have been taken and approved by the OAQ.

If you have any questions concerning this relocation site approval, please contact Gary Freeman of my staff at 317/233-5334 or at 1-800-451-6027, ext 3-5334.

Sincerely,
