Re: 097-18625-00030 Revocation of MSOP 097-17475-00030

Dear Mr. Briles:

On January 15, 2004, Mead Westvaco Corporation, located at 6302 Churchman Bypass, Indianapolis, Indiana 46203, notified the Office of Air Quality (OAQ) and the Indianapolis Office of Environmental Services (OES) that information submitted in their original Minor Source Operating Permit (MSOP) application was incorrect. The result of this correction is that sourcewide potential emissions are less than previously calculated, and MeadWestvaco Corporation requires only a registration, rather than a MSOP. A registration is being issued concurrently.

The MSOP M097-17475-00030, issued on October 31, 2003, is hereby revoked. Pursuant IC 4-21.5-3-5(f), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the registration levels, as specified in 326 IAC 2-5.1-2 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ and OES before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Angelique Oliger of my staff at (317) 327-2846.

Sincerely,

Original Signed by John B. Chavez
