Re: **093-18717-00021**

Revocation of New Source Construction/PSD  
093-12432-00021 and Acid Rain Deposition Control  
Program (Acid Rain) Permit AR 093-13587-00021

Dear Mr. Casper:

On February 9, 2004, Cogentrix Energy, Inc., notified the Office of Air Quality (OAQ) that the Cogentrix Lawrence County, LLC project at Rural Route 3, Mitchell, Indiana, was canceled due to "market conditions" prior to the commencement of construction, thus eliminating the need for the above referenced permits.

The New Source Construction/PSD permit 093-12432-00021, issued on October 5, 2001, and the Acid Rain Deposition Control Program Permit (Acid Rain) AR 093-13587-00021 issued on October 5, 2001, are hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at 317-232-8369 or at 1-800-451-6027 extension 2-8369.

Sincerely,  
Original signed by Paul Dubenetzky

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Quality
