Re: **025-18841-05199**
Revocation of Part 70 Operating Permit
025-10885-05199

Dear Mr. Peters:

A letter was received on March 19, 2004, requesting a revocation of the Part 70 Operating Permit. The equipment permitted under the above referenced permit was moved to source identification number 025-00002 and was incorporated into the renewal permit (025-18843-00002) issued on May 3, 2006, thus eliminating the need for the Part 70 Operating permit at the previous location.

The Part 70 Operating Permit 025-10885-05199 issued on December 17, 1999, is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at 317-232-8369 or at 1-800 451-6027 extension 2-8369.

Sincerely,
