Re: Source Specific Operating Agreement
S 163-19455-00039

Dear Sir:

Your application for a Source Specific Operating Agreement was received on August 5, 2004 and has been reviewed by the Evansville Environmental Protection Agency and the Indiana Department of Environmental Management. Based on the data submitted and the provisions in 326 IAC 2, it has been determined that your emission source, a stationary grain handling operation located at 2000 W. Ohio Street, Evansville, Indiana 47712, has met the criteria required to obtain a Source Specific Operating Agreement.

Pursuant to IC 4-21.5-3-5(a) and (b), approval of this Source Specific Operating Agreement shall not be effective until fifteen (15) days from the date of this letter.

The facilities and processes of this source are hereby granted the Source Specific Operating Agreement provided that the following requirements of 326 IAC 2-9 are satisfied:

Section A: Grain Elevator Operation: [326 IAC 2-9-6]

1. The grain elevator, including receiving, shipping, or grain storage facilities; headhouse, gallery or tripper belt processes; or grain cleaning or drying equipment shall comply with the following:
 - (a) the grain elevator shall not ship or receive more than ten million (10,000,000) U. S. bushels of grain annually,
 - (b) the source shall limit particulate matter emissions through the application of mineral or soybean oil to all grain after it is received at an application rate of three-hundredths percent (0.03%) by weight or greater, and
 - (c) shall maintain the following records on a monthly basis:
 - (i) the type and amount of grain received,
 - (ii) the amount of mineral oil or soybean oil used and the rate of application, and
 - (iii) all purchase orders and invoices for mineral or soybean oil.

These records shall be kept at the site for a minimum period of five (5) years, and made available upon request of the Office of Air Quality (OAQ).

Section B: General Requirements: [326 IAC 2-9-1]

1. The source shall provide an annual notice to the commissioner, stating that the source is in operation, and certifying that its operations are in compliance with the requirements of this Source Specific Operating Agreement. The above annual notice shall be submitted to:

Compliance Data Section
Agency
Office of Air Quality
100 North Senate Avenue
P.O. Box 6015
Indianapolis, IN 46206-6015

&

Evansville Environmental Protection
C. K. Newsome Center
100 E. Walnut Street
Suite 100
Evansville, IN 47713

no later than January 30 of each year, with the annual notice being submitted in the format attached.

2. Any exceedance of any requirement contained in this operating agreement shall be reported, in writing, within one (1) week of its occurrence. Said report shall include information on the actions taken to correct the exceedance, including measures to reduce emissions, in order to comply with the established limits. If an exceedance is the result of a malfunction, then the provisions of 326 IAC 1-6 apply.
3. Pursuant to 326 IAC 2-9-1(i), the owner or operator is hereby notified that this operating agreement does not relieve the permittee of the responsibility to comply with the provisions of any applicable federal, state, or local rules, or any New Source Performance Standards (NSPS), 40 CFR Part 60, or National Emission Standards for Hazardous Air Pollutants (NESHAP), 40 CFR Part 61.

Any change or modification which will alter operations in such a way that it will no longer comply with the applicable restrictions and conditions of this operating agreement, must obtain the appropriate approval from the Office of Air Quality (OAQ) under 326 IAC 2-5.1, 326 IAC 2-5.5, 326 IAC 2-6.1, 326 IAC 2-2, 326 IAC 2-3, 326 IAC 2-7, and 326 IAC 2-8, before such change may occur.

Sincerely,
