Re: Notice-Only-Change, No. 097-19520-00037 to
Registered Operation Status Permit No.
R097-14981-00037

Dear Mr. Sutton:

Capitol City Container was issued a Registration permit on October 10, 2001, for printing and assembly of corrugated and solid fiber boxes. An application was received on April 13, 2004 requesting that the emission statement condition be removed from the permit due to the revisions to 326 IAC 2-6 (Emission Reporting) which became effective on March 27, 2004. The Permittee is no longer required to submit an annual emission statement; therefore, the emission statement condition will be removed from the permit. The bold language is new language that has been added, and the language with a line through it has been taken out. Pursuant to the provisions of 326 IAC 2-5.5-6, the permit is hereby revised as follows:

The application from Capitol City Container Corporation received on November 14, 2000 has been reviewed. Based on the data submitted and the provisions in 326 IAC 2-5.5 it has been determined that the following printer and assembler of corrugated and solid fiber boxes, to be located at 8240 Zionsville Road, Park 100, Indianapolis, Indiana 46268, is classified as registered. ~~However, because 326 IAC 2-6 was incorrectly excluded with the first issuance of this Registration, this permit will now be reissued to incorporate the inclusion of 326 IAC 2-6 throughout the Registration and the attached Technical Support Document.~~ This issuance replaces R097-12964-00037 issued July 16, 2001.

The following conditions shall be applicable:

Pursuant to IAPCB Regulation 2 (Permits) and 326 IAC 2-5.5-4 (Registration Content), an authorized individual shall provide an annual notice to the **Indianapolis** Office of Environmental Services (OES) and the **Indiana Department of Environmental Management (IDEM)**, Office of Air Quality (**OAQ**), that the source is in operation and in compliance with this Registration pursuant to state regulation 326 IAC 2-5.5-4(a)(3).

~~Pursuant to the requirements of 326 IAC 2-6, the permittee shall submit an annual emission statement that must be received by April 15 of each year and must comply with the minimum requirements specified in 326 IAC 2-6-4.~~

~~The annual emission statement covers the twelve (12) consecutive month time period starting December 1 and ending November 30. The annual emission statement must be submitted to:~~

**Compliance Data Section
Office of Air Quality
100 North Senate Avenue
P.O. Box 6015
Indianapolis, IN 46206-6015**

and

Office of Environmental Services
~~Air Quality Management Section, Compliance Data Group~~
~~2700 South Belmont Avenue~~
~~Indianapolis, Indiana 46221-2097~~

An authorized individual shall provide an annual notice to the **IDEM, OAQ and OES** ~~Office of Air Quality~~ that the source is in operation and in compliance with this registration pursuant to 326 IAC 2-5.5-4(a)(3). The annual notice shall be submitted to:

Indiana Department of Environmental Management
Office of Air Quality
~~Compliance Data Section~~
~~Office of Air Quality~~
100 North Senate Avenue
P.O. Box 6015
Indianapolis, IN 46206-6015

and

Indianapolis Office of Environmental Services
Air Compliance
~~Air Quality Management Section, Compliance Data Group~~
2700 South Belmont Avenue
Indianapolis, Indiana 46221-2097

no later than March 1 of each year, with the annual notice being submitted in the format attached.

An application or notification shall be submitted in accordance with 326 IAC 2 to the ~~City of Indianapolis Office of Environmental Services (OES)~~ and **IDEM, OAQ** ~~Office of Air Quality (OAQ)~~ if the source proposes to construct new emission units, modify existing emission units, or otherwise modify the source.

All other conditions of the permit shall remain unchanged and in effect. In addition, the Technical Support Document (TSD) has not been altered. Please find attached a copy of the revised permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Carmen Bugay of my staff via e-mail at cbugay@indygov.org or by phone at (317) 327-2512.

Sincerely,

Re: Reissued
Registered Construction and Operation Status,
097-14981-00037

Dear Mr. Purcell:

The application from Capitol City Container Corporation received on November 14, 2000 has been reviewed. Based on the data submitted and the provisions in 326 IAC 2-5.5 it has been determined that the following printer and assembler of corrugated and solid fiber boxes, to be located at 8240 Zionsville Road, Park 100, Indianapolis, Indiana 46268, is classified as registered. This issuance replaces R097-12964-00037 issued July 16, 2001.

- (a) 3100 Flexo Press with Fuller Gluer, identified as EU1, installed in 1999, with a maximum line speed of 1525 feet per minute and a maximum printing width of 52 inches, using no control equipment, and exhausting inside the building.
- (b) Work Horse Flexo Press/Grant Die Cutter, identified as EU2, installed in 1999, with a maximum line speed of 1687.5 feet per minute and a maximum printing width of 66 inches, using no control equipment, and exhausting inside the building.
- (c) 2100 Flexo Press, identified as EU3, installed in 1995, with a maximum line speed of 1583.33 feet per minute and a maximum printing width of 28 inches, using no control equipment, and exhausting inside the building.
- (d) Emba Flexo Press with Fuller Gluer, identified as EU4, installed in 2000, with a maximum line speed of 2466.67 feet per minute and a maximum printing width of 26 inches, using no control equipment, and exhausting inside the building.
- (e) Langston Letter Press, identified as EU5, installed in 1995, with a maximum capacity of with a maximum line speed of 1525 feet per minute and a maximum printing width of 52 inches, using no control equipment, and exhausting inside the building.
- (f) Jumbo Slot Feed Letter Press, identified as EU6, installed in 1995, with a maximum line speed of 1525 feet per minute and a maximum printing width of 52 inches, using no control equipment, and exhausting inside the building.
- (g) Corrugated Bailer, identified as EU7, installed in 1995, with a maximum capacity of approximately 4,511 tons of corrugated bailed, using no control equipment, and exhausting inside the building.
- (h) Band Saw, identified as EU8, installed in 1995, with an unknown maximum capacity,

¹Revised August 3, 2004, Notice-Only-Change, No.: NOC 097-19520-00037.

using no control equipment, and exhausting inside the building.

- (i) Natural Gas Fired Space Heater, identified as EU9, installed in 1995, with a maximum capacity of 1.296 MMBtu/hr, using no control equipment, and exhausting inside the building.

The following conditions shall be applicable:

Pursuant to IAPCB Regulation 2 (Permits) and 326 IAC 2-5.5-4 (Registration Content), an authorized individual shall provide an annual notice to the Indianapolis Office of Environmental Services (OES) and the Indiana Department of Environmental Management (IDEM), Office of Air Quality (OAQ), that the source is in operation and in compliance with this Registration pursuant to state regulation 326 IAC 2-5.5-4(a)(3).

Pursuant to 326 IAC 5-1-2 (Opacity Limitations) except as provided in 326 IAC 5-1-3 (Temporary Exemptions), opacity shall meet the following:

- (a) Opacity shall not exceed an average of thirty percent (30%) in any one (1) six (6) minute averaging period as determined in 326 IAC 5-1-4.
- (b) Opacity shall not exceed sixty percent (60%) for more than a cumulative total of 15 minutes (60 readings) in a 6-hour period as measured according to 40 CFR 60, Appendix A, Method 9 or fifteen (15) one (1) minute nonoverlapping integrated averages for a continuous opacity monitor in a six (6) hour period.

Pursuant to 326 IAC 6-3-2 (Process Operations), Interpolation of the data for all PM emitting units (EU7 and EU8) shall be accomplished by use of the equation for the process weight rate up to sixty thousand (60,000) pounds per hour:

$$E = 4.10 P^{0.67} \quad \text{where } E = \text{rate of emission in pounds per hour and} \\ P = \text{process weight rate in tons per hour}$$

PM emissions from EU7 shall not exceed 2.62 lbs per hour, and PM emissions from EU8 shall not exceed 0.04 lbs per hour.

Pursuant to 326 IAC 1-2-59, process weight does not include liquid or gaseous fuels, therefore 326 IAC 6-3-2 does not apply to EU9.

This registration replaces R097-12964-00037. The source may operate according to 326 IAC 2-5.5.

An authorized individual shall provide an annual notice to the IDEM, OAQ and the OES, that the source is in operation and in compliance with this registration pursuant to 326 IAC 2-5.5-4(a)(3). The annual notice shall be submitted to:

Indiana Department of Environmental Management
Office of Air Quality
Compliance Data Section
100 North Senate Avenue
P.O. Box 6015
Indianapolis, IN 46206-6015

and

Office of Environmental Services
Air Compliance
2700 South Belmont Avenue
Indianapolis, Indiana 46221-2097

no later than March 1 of each year, with the annual notice being submitted in the format attached.

An application or notification shall be submitted in accordance with 326 IAC 2 to the OES and IDEM, OAQ if the source proposes to construct new emission units, modify existing emission units, or otherwise modify the source.

Sincerely,
