Re: Response to Review Request No. 167-19651
Permit status evaluation
Plant ID: 167-00137

Dear Mr. Afdahl;

St. Mary-of-the-Woods College, located at 233 Guerin Hall, St. Mary-of-the-Woods, Indiana 47876, submitted a review request on September 23, 2004. The letter was submitted to determine if St. Mary-of-the-Woods College requires an air pollution permit for operations consisting of boilers for comfort heating.

Specifically under consideration is the Table 1 External Combustion Source Specific Operating Agreement (SSOA) pursuant to 326 IAC 2-9-13(b)(2)(A). Sources electing to comply with this particular scenario must be able to determine compliance within thirty (30) days after receipt of a written request, but have no other compliance demonstration requirements. A formal SSOA is not required for these sources.

If a source can comply with these SSOA levels, the burden of proof lies with the source. If the source requires a definite decision to be made by VCAPC **and** a permit be issued, filing fees and any other permit fees shall be applicable according to the level of permit required.

Questions should be directed to Mr. Rob Harmon, VCAPC, 103 South 3rd Street, Terre Haute, Indiana 47807, or call (812) 462-3433.

Sincerely,

George M. Needham, Director
Vigo County Air Pollution Control
