Re: **175-19719-00001**
Revocation of Part 70 Permit
175-7877-00001

Dear Mr. Suvak:

On October 18, 2004, Child Craft Industries, Inc., notified the Office of Air Quality (OAQ) that the facility located at 501 East Market Street, Salem, Indiana, would be closing. The company had purchased a new plant and would be phasing out all production at the Salem plant. A letter was received on August 12, 2005, requesting termination of the permit since the facility had been sold except for one warehouse. The warehouse will be used only for storage, thus eliminating the need for a Part 70 operating permit.

The Part 70 Operating Permit 175-7877-00001, issued on July 26, 1999, is hereby revoked. The pending Title V renewal application 175-18230-00001 is also being canceled. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than the exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the OAQ before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Janet Mobley of my staff at 1-800-451-6027 extension 2-8369 or dial 317-232-8369.

Sincerely,
