Re: 039-19923-00110
Administrative Amendment to
Part 70 SSM 039-16282-00110

Dear Mr. Shafer:

Ranch Fiberglas, Inc. was issued a Part 70 Significant Source Modification (SSM) on April 4, 2003 for a fiberglass component manufacturing plant located at 28564 Holiday Place, Elkhart IN 46517-1155. A letter notifying the Office of Air Quality (OAQ) of a lengthened construction schedule was received on November 29, 2004. The letter stated that construction on two booths had not yet begun, but that completion of construction was expected by the end of 2005.

There have been no changes in rule applicability in the interim, and there are no pending permits that will consume PSD increment for the local area. Therefore, OAQ will allow an eighteen (18) month extension of the requirement to begin construction. Pursuant to 326 IAC 2-1.1-9 and 326 IAC 2-7-10.5(i), the Commissioner may revoke the approval if construction is not commenced before April 4, 2006 or if construction is suspended for a continuous period of one (1) year or more.

Pursuant to the provisions of 326 IAC 2-7-11(a)(7), no revision to the permit was necessary to accommodate the construction delay. All conditions of the permit shall remain unchanged and in effect. Please attach a copy of this letter to the front of the original permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Allen R. Davidson at (800) 451-6027, press 0 and ask for extension 3-5693, or dial (317) 233-5693.

Sincerely,
