Re : Revocation No: F097-20647-00131
of operational FESOP Permit No.:
F097-16733-00131 and F097-19579-00131

Dear Mr. Henderson:

On March 11, 2003, the E & B Paving, Inc. (source), was issued a Federally Enforceable State Operating Permit (FESOP) numbered F097-16733-00131; and a subsequent revision numbered F097-19579-00131 on October 7, 2004, for operation of a hot mix batch asphalt plant, located at 4350 South Harding Street, Indianapolis, IN 46217. An application was received on December 14, 2004 by the Indianapolis Office of Environmental Services (OES) and Indiana Department of Environmental Management, Office of Air Quality (IDEM, OAQ), requesting that the FESOP be transitioned to a general FESOP, because the source would like to co-locate two plants at this site.

Pursuant to 326 IAC 2-1.1-9, any permit to construct or operate or any permit revision approval granted by the IDEM Commissioner may be revoked for any cause that establishes in the judgement of the Commissioner the fact that continuance of the permit or permit revision approval is not consistent with the purposes of 326 IAC 2. Therefore, the operating permit numbered F097-16733-00131 and subsequent revision numbered F097-19579-00131, are hereby revoked. The source is now operating under the General FESOP numbered F097-19973-00131. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation is effective eighteen (18) days from the date of this letter.

If you have any questions on this matter, please contact Carmen Bugay of my staff via e-mail at cbugay@indygov.org or by phone at (317) 327-2512.
