Re: Response to Review Request No. 037-20661
Permit status evaluation
Plant ID: 037-00012

Dear Mr. Divine:

Inwood Office Furniture Co., Inc. was issued a Part 70 permit (T037-6048-00012) on December 21, 1998 for operation of a furniture manufacturing plant. Inwood Office Furniture Co., Inc. submitted a review request on February 1, 2005. The letter was submitted to determine if Inwood Office Furniture Co., Inc. requires a source modification to T037-6048-00012 for the relocation of Lacquer Booth 07 and the associated stack identified as stack G.

If the relocation of the Lacquer Booth 07 and the associated stack identified as stack G, can comply with requirements of 326 IAC 2-1.1-3(h)(2), the burden of proof lies with the source. If the source requires a definite decision to be made by the IDEM and a permit be issued, filling fees and any other permit fees shall be applicable according to the level of permit required.

Inwood Office Furniture Co., Inc. will continue to comply with a PSD Minor Limit of less than 250 tons per year of VOC, including coatings, dilution solvents, and cleaning solvents per year. Therefore, the relocation of Lacquer Booth 07 and it's associated stack will not result in an emissions increase.

Questions should be directed to Jenny Acker, OAQ, 100 North Senate Avenue, Indianapolis, Indiana, 46204, or call (800) 451-6027, and ask for Jenny Acker or extension 2-8253, or dial (317) 232-8253.
