Revocation of SSOA 097-6255-00188

Dear Mr. Ladner:

The letter from Kerr-McGee, received on July 8, 2004, has been reviewed. This letter requested that SSOA No. 097-6255-00188, issued for your source consisting of two boilers located 1450 South Earhart, Indianapolis, IN 46203, be revoked. The reason for this revocation request is that the facility is no longer in operation as of January 2003.

The Source Specific Operating Permit S 097-6255-00188, issued on April 3, 1998 is hereby revoked. Pursuant to IC 4-21.5-3-5(a) and (b), this revocation letter is effective in eighteen (18) days from the date of this letter.

Any construction or modification that would result in potential to emit greater than exemption levels, as specified in 326 IAC 2-1.1-3 (Exemptions) shall be subject to New Source Review (NSR) and must be approved by the Office of Air Quality and Office of Environmental Services before such construction or modification may occur.

If you have any questions regarding this revocation, please contact Mr. Warner Myron Waters at (317) 327-2182 or wwaters@indygov.org

Sincerely,
