RE: Notice of Expiration of a Minor Source Operating
Permit (MSOP) numbered 097-12334-00296
For Air Emission Units and Pollution Control
Equipment ;
Review Request: 096-21795-00296.

Dear Mr. Gresk:

It has come to my attention that the WMH Physicians Hospital, L.L.C., d/b/a Winona Memorial Hospital ("source") is undergoing bankruptcy procedures for disposition of property and collateral equipment. Our records indicate (MSOP 097-12334-00296) that the source consists of the following permitted air emission units and pollution control devices:

- (a) One (1) Cleaver Brooks natural gas and/or #2 distillate oil fuel fired boiler identified as Emission Unit ID B-1 and exhausting at Stack/Vent ID SB-1. Serial/Model # L-73045. Maximum fuel firing capacity of 12.6 million Btu per hour. Installed in 1983.
- (b) One (1) Kewanee natural gas and/or # 2 distillate oil fuel fired boiler identified as Emission Unit ID B-2 and exhausting at Stack/Vent ID SB-2. Serial/Model # NB22221. Maximum fuel firing capacity of 10.0 million Btu per hour. Installed in 1965.
- (c) One (1) Kewanee natural gas and/or #2 distillate oil fuel fired boiler identified as Emission Unit ID B-3 and exhausting at Stack/Vent ID SB-3. Serial/Model # NB22308. Maximum fuel firing capacity of 10.0 million Btu per hour. Installed in 1965.
- (d) One (1) 610 kilowatt diesel fuel fired emergency generator. Maximum heat input capacity of 2.1 million Btu per hour (824.78 hp) or 15.2 gallons per hour.
- (e) Two (2) 200 kilowatt diesel fuel fired emergency generators. Maximum heat input capacity of 0.7 million Btu per hour (267.07 hp) or 5.1 gallons per hour.

This letter serves as notice that this MSOP issued on August 21, 2000, expired August 21, 2005. Please be advised that should the above mentioned air emission units and pollution control devices be sold along with the property, the new owners will need to reapply with our office and pay the appropriate permit fee before operation of these emission units can proceed, pursuant to 326 Indiana Administrative Code (IAC) 2-1.1-2 and 326 IAC 2-6.1-2.

If you have any questions, please contact Carmen Bugay of my staff via e-mail at cbugay@indygov.org, or by phone at (317) 327-2512.

Sincerely,
