2124 Lynch Road
Evansville, IN 47711

Re: Permit By Rule Status
163-22041-00033

Dear Mr. Bigham:

A letter was received from Land O' Lakes Purina Feed LLC on October 27, 2005 notifying the Evansville Environmental Protection Agency that the company name had changed from Purina Mills LLC to Land O' Lakes Purina Feed LLC. Based on the data and information submitted and the provisions of 326 IAC 2-11 (Permit by Rule for Specific Source Categories), Land O' Lakes Purina Feed LLC states that the animal feed mill, located at 2124 Lynch Road, Evansville, Indiana 47711 satisfies the criteria to operate under the Permit by Rule provisions.

Pursuant to 326 IAC 2-11 (Permit by Rule for Specific Source Categories), this source shall comply with the following conditions:

- (a) A source may limit its allowable emissions or potential to emit by complying with the conditions of the applicable section of this rule. A source complying with this rule is not subject to 326 IAC 2-6.1 unless otherwise required by law. A source complying with this rule is not subject to 326 IAC 2-5.1 or 326 IAC 2-7 provided the rule limits the sources allowable emissions or potential to emit below the applicability thresholds for 326 IAC 2-5.1 or 326 IAC 2-7. [326 IAC 2-11-1(c)]
- (b) To limit allowable emissions or potential to emit as provided in 326 IAC 2-11-4(b)(3), the annual total throughput limits shall be equal to or less than eleven million two hundred thousand (11,200,000) bushels [326 IAC 2-11-1(c)]
- (c) A source complying with this rule may at anytime apply for a permit under 326 IAC 2-5.1, 326 IAC 2-6.1, 326 IAC 2-7, 326 IAC 2-8 or an operating agreement under 326 IAC 2-9 as applicable. [326 IAC 2-11-1(d)]
- (d) Before a source subject to 326 IAC 2-11 modifies its facility or operations in such a way that it will not longer comply with this rule, it shall obtain the appropriate approval from the commissioner under 326 IAC 2-5.1, 326 IAC 2-6.1, 326 IAC 2-2, 326 IAC 2-3, 326 IAC 2-7 or 326 IAC 2-8. [326 IAC 2-11-1(e)]
- (e) No later than thirty (30) days after receipt of written request by the Indiana Department of Environmental Management (IDEM), Office of Air Quality (OAQ), the U.S. EPA, or the Evansville Environmental Protection Agency (EEPA), the owner or operator of the source shall demonstrate that the source is in compliance with the limits of 326 IAC 2-11, by

providing throughput records for the previous twelve (12) months. [326 IAC 2-11-1(f)]

- (f) A source electing to comply with 326 IAC 2-11 shall comply with the following:
- (1) The source shall operate and properly maintain air pollution control devices at the source;
 - (2) The source shall follow generally accepted industry work practices to minimize emissions of regulated air pollutants;
 - (3) The source shall not discharge air pollutants so as to create a public nuisance.
[326 IAC 2-11-1(g)]

This source is hereby notified that this Permit by Rule approval does not relieve the source of the responsibility to comply with the provisions of any other applicable federal, state, or local requirements, such as New Source Performance Standards (NSPS, 40 CFR Part 60), or National Standards for Hazardous Air Pollutants (NESHAP, 40 CFR Part 61). [326 IAC 2-11-1(h)]

Any violation of 326 IAC 2-11 (Permit by Rule for Specific Source Categories) may result in administrative or judicial enforcement proceedings and penalties under IC 13-30-3. [326 IAC 2-11-1(j)]

Sincerely,

(original signed by)
