Donaldson Company, Inc.
3260 West S.R. 28
Frankfort, IN 46041

Re: Review Request No.: 023-23095-00024
Plant ID: 023-00024

Dear Mr. Roberts:

On May 12, 2006, Donaldson Company, Inc., located at 3260 West S.R. 28, in Frankfort, Indiana, submitted a request for the Indiana Department of Environmental Management (IDEM) to evaluate permit applicability for a proposed expansion involving the addition of a water bath using no volatile organic compounds (VOC) for rinsing cold cleaned parts.

The IDEM, Office of Air Quality (OAQ) has reviewed the information for Donaldson Company, Inc. and based on the information submitted, the potential to emit criteria air pollutants is less than the thresholds specified in 326 IAC 2-1.1-3(e)(1). Pursuant to 326 IAC 2-1.1-3, a modification would not be required if all the criteria contained in 326 IAC 2-1.1-3(e) are met.

If the source requires a definitive decision to be made by IDEM and a permit to be issued, the source must submit a permit application to IDEM or update the application for the pending Part 70 Operating Permit Renewal (023-20444-00024) to incorporate the proposed water bath. Based on the information provided in that application, IDEM can then make a final determination on the appropriate permit level for this source. Air permit application forms are available online at www.IN.gov/icpr/webfile/formsdiv/idem.html.

If you have any questions on this matter, please contact Kimberly Cottrell, OAQ, 100 North Senate Avenue, Indianapolis, Indiana, 46204-2251, or call at (800) 451-6027, and ask for Kimberly Cottrell or extension (3-0870), or dial (317) 233-0870.

Sincerely,

Origin signed by

Nisha Sizemore, Chief
